

HALI-BRITE®

L-806 and L-807 Wind Cone Light Kits

Applications

The L-806 and L-807 Wind Cone Light Kits illuminate the surface of the wind cone sock. Internal lighting gives superior night-time visibility over conventional external lighting.

Features

- Available for Size 1 (18") and Size 2 (36") baskets
- Available in 120 VAC, 12VDC, or 6.6 amp
- Designed to fit all major manufacturer's wind cones
- Simple installation—the light assembly attaches to the basket with 2 clamps, and the electrical feed assembly attaches to the top of the pole
- The LED models feature:
 - 50,000 to 100,000 hour lamp life, virtually maintenance-free
 - Independent lamp circuits, for improved reliability
 - 6 to 60 VA power consumption, only 5-20% of a typical non-LED external light
 - Long-life LED obstruction light
- The internally-lighted halogen models have two 100 watt lamps on Size 1, four 100 watt lamps on Size 2, 2000 hour typical lamp life
- Includes a single L-810 obstruction light
- Also available in externally-lighted models
- Manufactured in the USA
